SOUTH BAY NEWS

Kinfolks of this community expressed much appreciation for news flashes sent out over the radio by the Red Cross at fifteen minute intervals on Saturday afternoon to relieve the probable threat from the hurricane. A number of residents left for other parts of the state during the day and early evening; but many remained, confident they would receive warning in plenty of time to escape any threatened danger. News of the final news came to the relief that the danger had passed, everyone soon done thankful for the service that had saved them much needless expense by rendering it unnecessary for them to run from a storm that never came.

Quite a number, most of whom were colored, were entrained here and at Lake Harbor, during the evening to be taken to a place of safety. The first to leave while the train was in Belle Glade was all danger had passed. They were detained at that point and taken home in truck. One of the trucks was so mired in mud that the men side gave way, hurling a number to the road and severely injuring several, so it is reported.

NEW PASTIME FOR ENTHUSIASTS OF RACING GAME

JACKSONVILLE, Oct. 3 (FNN)—Karl William Kampfmueller, president of this city came into the limelight last week as a racing promoter, but since his stables contained neither horses nor dogs his activities do not come under his jurisdiction of the Florida State Racing commission and officials are scratching their heads and wondering just what they can do.

Kampfmueller introduced a new sport here during the summer which he calls "La Cucaracha racing." The game is played on a specially constructed table, 2 by 10 feet in dimension, containing ten glass runways of different widths. Roaches are placed in a trap or cage at one end of the runway. Sensitized to light and frightened, when released the little insects tear across the board to the delight of spectators, and the new game has become quite popular.

Kampfmueller announced this week that he has booked "La Cucaracha racing" in both Miami and Miami for the winter months. Due to the demand for the speediest and liveliest insects, the quest for them throughout the city has become acute.

The Misses Lorraine and Lora Corbett, Miss Elizabeth Hamrick and George Hudspeth spent Sunday evening in Miami.

Arthur Wells, prominent grower of citrus in City, reports that there now has 20 acres of cumbers developing nicely at his farm in Fort Pierce and is setting out tomatoes, eggplants and pepper.

Miss Mae Allen, niece of Mr. W. C. Allen, is reported to under the doctor's care as she is suffering from a severe eye infection.

Roy Green has just returned from visiting his son, Roy Donald in the United States at Gainesville, Fla. Mr. Green reports great activity around Camp Roosevelt at Ocala and says that traffic is so heavy that the traffic officers have "great difficulty keeping it in motion."

Mr. Green is one of the "Old Timers" in this section, having been agent for the A. C. L. railroad at Clewiston for a number of years. He is now off line representative for the territory between Lake Harbor and Okeechobee, the only one to remain on duty in the area.

Mr. and Mrs. Ray Garner, formerly of Pa-hokee, have moved to the south end of the city.

The program put on by the Recreation committee of the P. T. A. during the first week of October was a success, a sum being raised to enable the organization to conduct its annual fall carnival.

The Shanty Town Scandal, "All In A Stew," and "A Hat For Ma" were the hits of the first play.

Mr. and Mrs. W. M. Jeffries, C. E. Forbes, Miss Genevieve Brown, William Boots, Mrs. F. W. Mutterich, Miss Alice Willets, Mrs. J. Goodbread and Mrs. H. C. Willets.

R. D. Hawkins is having his new home wired for electric lighting.

The leaves of Turkish tobacco are strung one by one like beads (see how it is done in the picture). After the leaves are strung they are packed in bales (see picture) — sometimes as many as 80,000 leaves to the bale.

We have on hand at all times
for CHESTERFIELD cigarettes
upwards of 350,000 bales
of Turkish tobacco . . .

The pleasing aroma and flavor of Turkish tobacco is almost necessary if you want a good cigarette.

Turkish tobacco is more costly when you take into account that you have to pay 35¢ a pound duty, but we have to do it to blend with our mild ripe home-grown tobaccos.

It helps make Chesterfields milder, it helps give them better taste. Just try them.

Keep a Good Laxative always in your home

Among the necessities of home is a good, reliable laxative. Don't be afraid to use it to prevent constipation. Don't neglect it when you feel any of the disagreeable symptoms of constipation.

"We have used Black-Draught for 21 years and have found it to be the best laxative we ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "Take Black-Draught in the morning and either mix it with a glass of water or take it with a glass of milk. It is a good laxative or purgative and does not affect the bowels. Draught gives good results."

*"Don't
be harsh with
him, John!"*

So often poor grades are not the fault of the child. Before you are harsh with your child over a bad report, be sure the light under which he has been studying, has not been harsh with him.

Studying under poor light often causes headaches, nervousness and eyestrain. These naturally affect a child's grades.

Don't gamble with your child's future. Have the lighting in your home tested with the Sight Meter that tells the amount of light just as a thermometer tells temperature. Call our nearest office for this free service.
